➤ **Step 1: Space/Field Clearing:**

“I (name) now UNIVERSALLY command all negative & inorganic energies, entities, lower astral beings, hooks, all parasites & associated viruses, all disruptive programs from ai, including thought broadcasts/projections/viruses, all negative intentions, hexes, curses or spells that have been implanted in to my bio energy fields from any negative structure, source, force or being, including anything from any hidden or cloaked entities from the above afore mentioned, to leave my space now!”

(name the space you are clearing; home/work space/room, also recommend digital spaces; wifi, socials; facebook/Instagram/emails/zoom/laptop/smart phone /photo images etc as we can also experience intrusions/attachments that can hook in to our digital identities (I.D entity – identity)).

“I revoke & delete any previous agreements, consents or permissions I made consciously or unconsciously with any of the above afore mentioned, including consents made on my behalf, revoking any permissions whereby I allowed the use or capture & distribution of my personal data. I reclaim all aspects of my own intellectual property, returning all soul energy to myself, the rightful owner.

I revoke all permissions here & now, to all inorganic, or negative false light entities, spirit, beings, structures & sources, you do not have my permission to be here, leave my space now! Be gone! You are banished for all of time!

I close & seal for all of time, any portals or gateways of accessibility open to the afore mentioned, blocking all further access, universally, anywhere & everywhere, across all time & space, across all dimensions & planes, for all of time!”.

(Surround & seal your field/space with gold/white/silver crystalline light, using a pyramid shield. Pyramids – Tetrahedrons, are high frequency geometry that can dissipate all low frequency energies)

➤ **Step 2: Astral/Spiritual Protection Command:**

“Further, I disallow & block all negative intrusions directed at me by anyone or anything, including any negative or inorganic groups or artificial sources, including off planet sources, attempting to intrude, attach, manipulate, hijack or interfere in any way with my energy & consciousness, including anything or anyone attempting to disrupt or interfere with my sovereign free will, & alter or harness my soul, biology & consciousness in any way.

I disallow anyone or anything attempting to hijack, remove or take from me what is my True Spiritual Essence, my Divine birth-rite as a Free Will God Source Sovereign Being.

I repel & block all false negative dwellers, shadow dancers, false gods, dark lords, all imposter beings/spirits, & all other such false/dark beings masquerading as light. I repel all deception & trickery, & integrate the ability to discern such.

I declare this intention to take affect immediately, universally, everywhere & anywhere, across all dimensions, planes, layers & levels of my consciousness, across & within all time & space, in all past/present/future timelines & lifetimes, including parallel realities.

Any attempt to over-ride, coerce or deceive me in to making false or unconscious choices will be dealt with under True Universal Law, & all karma returned to the sender.

I allow in, through my own FREE WILL & SOVEREIGN CHOICE, only the Highest organic, eternal living light sources that positively assist my highest potential in alignment with my true sovereign soul path & purpose & the embodiment of the highest divine truth: as per the true organic sacred Law of One.

I AM CONNECTED TO TRUE ORGANIC SOURCE CONSCIOUSNESS, & LOVINGLY PROTECTED, ALWAYS, in ALL WAYS!”

As I speak, I command this declaration in to existence, universally, here & now. It is done!”

Recite daily morning & evening for the next 2-3 weeks to clear your fields & strengthen your shield if you feel you have been implanted or intruded upon, & then every 3 days or so for spiritual maintenance & balance.

If you need more personal assistance, please reach out to arrange a consultation to determine how I may assist you to release any entity & implant intrusions.
